

Hanh,

Here is Shell's proposed agenda for the next meeting.

- 1) Environmental Monitoring Program (EMP) Revisions/edits
 - a. Responses to Erin's September 20, 2013 email
- 2) Quality Assurance Project Plan (QAPP) – Section 3
- 3) Toxicity testing
- 4) MLC ROV System – (see attached)

We anticipate the same Shell staff will attend this meeting, as did our 9 Oct meeting. Please advise if you have questions, or comments.

Regards,

Greg

Hanh – Any chance for the 5th of December? Just checking on flexibility for that week. One person has conflict w/ the 10th and one w/ the 18th.

Thanks

Greg
